BASKETBALL

NOTE: ALL NEW RULES, REGULATIONS, AND POLICIES ARE UNDERLINED.

EDUCATION-BASED ACTIVITY PROGRAMS

The National Federation of State High School Associations and the Oklahoma Secondary School Activities Association recognize the numerous potential benefits of participation by students in education-based activities. While education-based activities may differ between the stakeholder groups, all should be centered on optimizing the student's scholastic activity experience. Students will change, develop and expand abilities over time; coaches, administrators and parents should not only be cognizant of the fluid process, but also foster a safe, positive environment in which development can occur. Education-based activities must always be viewed as an evolving and unpredictable path.

The NFHS and the OSSAA recognize the influential role played by coaches and directors in all activities, and therefore emphasis should be placed on those individuals to instill and reinforce fundamentals and best practices, not only to minimize risk but also to promote an environment in which a student has the opportunity to reach his or her full potential. The common goal for all the stakeholders involved with education-based activities should be to make the experience enjoyable and rewarding for the all.

While our position is not intended to squelch dreams of achieving a college scholarship or professional or Olympic glory, we do place emphasis on the student's entire scholastic activity experience with the goals of enhancing participation, reducing injury risk, and optimizing performance and success (however defined) during the student's high school career. The ultimate goal; Producing an individual who is competent, confident, connected to his or her peer group and community, and of high character. This essential principle is at the core of the scholastic activity experience and is fundamental to the mission of the OSSAA and NFHS.

DIVERSITY, EQUITY AND INCLUSION (DEI)

Promoting education and the understanding of groups that have social and cultural differences is an integral part of education-based activities. Every student participating in activities at an OSSAA member school is entitled to participate in a safe school environment that is free from bias. Any form of bias (including demeaning comments, racial, ethnic, or homophobic slurs) based on social or cultural differences will not be tolerated in education-based activities.

A. EDUCATIONAL OPPORTUNITIES

All OSSAA member schools, shall provide opportunities for educating and promoting the understanding of social and cultural differences on an annual basis. Opportunities can include intentional dialogue between groups and/or individuals, group and/or individual on-line courses, speakers and conferences.

The OSSAA Staff and Board of Directors will make resources available to member schools for the purpose of promoting diversity, equity and inclusion education.

1. The OSSAA Staff and Board of Directors will participate in diversity, equity and inclusion training annually.
2. Each school year, each activity is required to engage the respective participants in diversity, equity and inclusion training.

B. OSSAA BOARD SUB-COMMITTEE

A sub-committee (DEI Committee) of the Board of Directors, will engage annually with school administration, students and coaches/directors for the purpose of reviewing the DEI Policy and to explore educational opportunities available to create a better understanding of social and cultural differences.

C. OFFICIALS

All contest officials shall be required to view the *Implicit Bias* course annually. The course is available at NFHSLearn.com. Other educational resources will also be made available including intentional dialogue, speakers, workshops and conferences.

D. PUBLIC ADDRESS ANNOUNCERS AND BROADCAST CREWS

Any person or persons making public address announcements at a regular season or post season contest; and any person associated in any manner with a broadcast crew, including but not limited to regular season or post season contests being streamed, televised or broadcast over the radio must provide in writing they have completed an educational opportunity in the form of on-line classes, speaker led workshops or conferences prior to being a part of any OSSAA activity.

SPORTSMANSHIP RESPONSIBILITIES

Ensuring good sportsmanship at OSSAA member schools requires the responsibilities of different groups be coordinated and carried out at each contest involving secondary level students.

1. **School Administration:** The responsibility for fan behavior resides with the participating school administrations from each participating school (combined with the host site security in neutral site contests). School administration must provide adequate supervision at the venue. Negative behavior targeting participants or officials must not be tolerated. Removal of

non-compliant fans shall be managed by the administrative team. A report detailing the circumstances must be sent to the OSSAA anytime a fan is removed from a contest.

2. **Coaches:** Head coaches must communicate expectations for fan/parent, and player behavior. Communications should include consequences for unruly fan/parent or player behavior and be shared with each player and the player's parent/guardian.
3. **Officials:** Officials shall, upon arrival at the contest, meet with on-site administration to ensure lines of communication are open and officials know where to find school administration should a problem arise outside the playing area. Under no circumstances should an official directly remove a person outside the playing area from the venue. The administrative team or designee will be responsible for removal of any fan.
4. **Participants:** Participants experiencing inappropriate behavior from other participants and/or non-participants during the contest must communicate those issues directly to their coaching staff to ensure identifiable issues are addressed by the administrative teams.

I. BASKETBALL RULES

A. Beginning and Ending of Season

1. The basketball season for all non-football playing schools shall open on November 1. The season for all football playing schools shall open for senior high schools on the third weekend in November and the season for junior high school football playing schools may open on week 19 which will be Monday, November 6, 2023. A weekend is Thursday, Friday and Saturday.
2. From the close of the basketball season until October 1, member schools and school coaches shall not hold organized basketball practice or interschool scrimmages. Organized practice is defined as school coaches or anticipated school coaches directly or indirectly giving individual or team instruction concerning fundamentals. However, from the opening of school until October 1, and from the close of the basketball season until the close of school, member schools may give basketball instruction in a physical education class during the regular school day. When there is no organized physical education class scheduled during the school day, a school may schedule an additional class period immediately after the close of the school day not to exceed 60 minutes, for the purpose of conducting a physical education class.
3. Boys teams in non-football playing schools, and all girls teams, may hold interschool scrimmages any time after they start organized practice. A scrimmage is defined as a contest against another school where no official records are kept, and scores are erased at the end of each period played. There shall be no loss of instructional time for scrimmages, including travel.
4. Boys teams in football playing schools shall not hold interschool scrimmages before November 1.
5. In addition to the Activities Association sponsored championship tournament series, football playing schools can play either 16 games and 2 tournaments or 14 games and 3 tournaments. Non-football playing schools may play in 18 games and 2 tournaments or 16 games and 3 tournaments. 9th grade students may participate on both the junior high and high school team but are limited to 2 tournaments. Exception: High school teams that have scheduled 14 games and 3 tournaments or 16 games and 3 tournaments, may allow a 9th grade student to participate in no more than 3 tournaments. In a festival, a team will be charged with a game for each game played in the festival.
6. Junior high teams are limited to 14 games and two tournaments, and individuals will be limited to two tournaments. A school could have a seventh-grade junior high team, an eighth-grade junior high team, and a ninth-grade junior high team or any combination of the three, but each team would be limited to two tournaments.
7. Prior to December 1, member schools and individual students are limited to six (6) interschool scrimmage dates for boys and girls.
8. **VIOLATION OF CONTEST LIMITS (TEAMS AND/OR INDIVIDUALS)**
Generally, if the contest or tournament limits for a particular activity have been exceeded, by either a school team or by individual participants from a school, the following sanctions will be applied:
 - (a) the contest(s) that exceed the limitations will be forfeited.
 - (b) The head coach in that activity shall be suspended from coaching in any regular season contest, at the same level, in the same activity for the remainder of the current regular season and any championship play-off events for that school year.
 - (c) The head coach in that activity shall be suspended from coaching any regular season contests, at the same level, in the same activity for one-half of the regular season the next school year.
 - (d) The school will not be allowed to host any play-off contests in that activity during the school year in which the violation occurred.
 - (e) The program will be placed on warning for a period of one year.

9. When an **entire** tournament is cancelled due to weather or other unusual circumstances, schools may be allowed to schedule two additional games (**with OSSAA approval**).
10. In the event one game of a regular season scheduled tournament is completed, and the remainder of the tournament is cancelled (not postponed) due to inclement weather or any other act of nature; a school may submit a written request to the OSSAA Staff seeking permission to schedule one additional regular season game. This contest must be played prior to the beginning of the playoff series.

11. **OSSAA RANKING PROGRAM**

The OSSAA has an on-line ranking program for use by school administrators, coaches, and can be viewed by the general public. The program is accessible at the OSSAA website (www.ossaa.com).

For the sports of Football, Fall Baseball, Spring Baseball, Basketball, Fast-Pitch Softball, Slow-Pitch Softball, Volleyball, Soccer, and Wrestling (all match scores and team results of invitational tournaments) and Golf (team score), it is mandatory that results from each regular season contest be entered into the ranking program within 24 hours of the conclusion of the contest throughout the season. Once any athletic activity, except for Cross Country, Swimming, Track and Field and Tennis, enters the play-off series for that activity, those results must also be entered within 24 hours of the conclusion of the play-off contest.

Any coach failing to report the score within 24 hours of the conclusion of a contest will initially be notified in writing of his or her failure to comply by OSSAA Staff. A copy of that correspondence will be sent to the coach's school administrator as well. A second incident of failure to report will result in the coach being placed on warning for a period of one year. A third, and each subsequent failure to report will result in the suspension of the coach for the next contest.

II. VIOLATIONS OF CONSTITUTION, RULES, REGULATIONS OR OSSAA POLICIES

When a violation of OSSAA's Constitution, Rules, Regulations, or Policies has been determined to have occurred, the Executive Director is authorized to impose sanctions or remedies, which may include suspending a coach or other school personnel from coaching and/or activity program management responsibilities, or imposing limits or conditions on those coaching and/or activity management responsibilities.

In agreeing to participate in a game or contest, a member school, and the individual participants and the coaches or sponsors representing that member school, accept the risk that game/contest officials may make errors in interpreting or enforcing rules at games of contests. Any errors by game/contest officials should be raised with those officials, in a respectful manner, and in accordance with the rules established for that activity. The decisions of the game/contest officials are accepted as final.

An exception to this Policy may be granted if in the case of an ejection of a participant from a contest, the game/contest official misidentifies the individual who should have been ejected. The request to review the misidentified player must be submitted to the OSSAA in writing.

6. The play-off series will be double elimination beginning with the regional tournaments.
7. Girls regional games will be played on Tuesday, Friday, Saturday; boys regional games will be played on Thursday, Friday, Saturday.

B. District Standings

In case of the need for a tie-breaker in District standings marginal point totals will be kept for all District games. In the case of an overtime game, no more than one marginal point will be added or subtracted from a teams total. In case two or more teams are tied in percentage of games won/lost in district play, the highest available position in the district standings and the next highest available position(s) in the district standing shall be determined in the following manner:

1. When two teams are tied in percentage of district games won and lost, the highest position available in the district standings will go to the team that won over the other in district play. (In the event the teams split the games played between each other in district play, the team with the highest marginal point total in the two games played between the two tied teams will be given the highest position in the standings. Marginal points will be the difference in score. The difference in score will be added to the marginal point total of the winner and the difference in score will be subtracted from the losing team. No team will add more nor subtract more than fifteen points in any district game. In the event the two teams are still tied, marginal points from all District will be considered, games and the team with the highest marginal point total will be given the highest position in the standings.
2. When three or more teams are tied in percentage of district games won and lost, the highest position available in the district standings will go to the team that won over the other tied teams in district play. The next highest available position in the district standings will go to the team that won over the remaining tied team(s) in district play. This procedure shall continue until all available positions are filled.
3. When three or more teams are tied in percentage of games won and lost in district play, and no team is the winner over the other tied teams in percentage of games won and lost in district play, the representative(s) for the highest available position(s) in the district standings shall be determined by:
 - a) The team with the highest winning percentage in games between the tied teams shall be given the highest available position. The next highest percentage shall receive the next position.
 - b) Total the marginal points each tied team had in all games between tied teams. Marginal points will be the difference in score. The difference in score will be added to the marginal point total of the winner and the difference in score will be subtracted from the losing team. No team will add more nor subtract more than fifteen points in any district game. The team with the greatest number of marginal points will

occupy the highest available position in the district standings. The team which has the next greatest number of marginal points will occupy the next highest available position in the district standings. This procedure shall continue until all available positions are filled. Any time two teams are tied in marginal points; refer to the process for breaking a two-team tie.

- c) In the event ties cannot be broken by the criteria above, the highest available position in the district standings shall be determined by lot. After lot has decided the highest available position in the district standings when three teams are tied in marginal points, the next highest available position in the district standings will go to the team that won over the other tied team in district play. When four or more teams are tied in marginal points, the highest available position in the district standings will be decided by lot. The next highest available position in the district standings will go to the team that won over the other two tied teams in district play. If the next available position in the district standings cannot be determined by who won over the other tied teams, then lot will determine the next highest available position in the district standings. The remaining tied teams will determine their district standing position by which team won over the other in district play. Should it become necessary for a position to be determined by lot, the OSSAA will call a meeting of the involved schools and conduct the necessary procedure to determine the position.
4. A forfeiture of a district game will require the forfeiting team to subtract 15 marginal points per game forfeited from their marginal point total. The team receiving the forfeit will gain 15 marginal points for each game forfeited. Forfeiture only affects the two teams involved. All other standings for other teams in the District will remain. Any time a team forfeits a game, the team will automatically be placed on probation. Probation status prohibits the team from participating in invitational tournaments and any post-season contests. A team placed on probation has the right to appeal their status to the OSSAA Staff.

A scheduled district game that is canceled will be treated as a forfeited contest.

GUIDELINES AND POLICIES FOR SUPERVISION OF BASKETBALL GAMES

- A. Common Courtesies of Host and Visiting Schools
1. The administrators of both schools are responsible for the general organization, management, and supervision of student bodies and crowds before, during and following each event, with the home school assuming the major role.
 2. Communicate prior to date of contest concerning visitors' parking area entrance and exit locations for fans, seating sections, etc.
 3. Provide adequate supervision prior to and during each contest, to continue until at least one-half hour after the game or until all groups have dispersed.
 4. It is recommended the people representing the participating schools for the purpose of game administration and/or supervision (principals, superintendents, etc.) meet prior to the contest. They should introduce themselves to the officials and the tournament manager prior to the contest and let them know where they will be located during the game. The manager and officials should know whom to contact, should a problem arise.
 5. The conduct of coaches is the single most important factor in crowd control. They are professional educators and must control themselves under stress to set the proper example for the immature students on their teams, student body and the heterogeneous combination of spectators in the stands. It is not enough to be professional only when there is no pressure. Coaches are usually the stabilizing influence in an emotionally charged situation, and they must assume this important responsibility. Also they must recognize that the future of high school athletics is more important than winning or losing the game.
 6. Alcoholic beverages, tobacco, and smokeless tobacco are prohibited.
 7. Both schools must approve the officials for each regular-season contest prior to the completion of the officials' contracts.
 8. Any person, school-connected or otherwise, who commits assault and/or battery against students, school employees, or game officials, shall make amends to the offended person or persons, and the Executive Board of the OSSAA shall be satisfied that the public interest does not require prosecution or further disciplinary action. Unless the person or group has made amends to the offended person or persons, then charges should be filed. It is the host school's responsibility to file such charges. Ordinary order and discipline at interscholastic events should be enforced by prosecution and action in the courts.
 9. The host and visiting school administration and adult supervisors shall make every effort to keep the court clear of spectators prior to and at the conclusion of each game. It is their responsibility to prevent the players or fans from cutting down the nets after any contest.

XXII.

B. **Recommendations for Crowd Accommodation and Maintaining Good Sportsmanship**

Any high school having an interscholastic athletic program should establish a well-planned crowd control program before the start of the school year. Personnel who should be included in developing the plan are: administrators, athletic director, coaches, supervisor of cheerleaders, band director, security personnel and the game announcer. Printed copies of the final statement of the crowd control procedures should be distributed to all personnel involved in any way with the conduct of the game. The program should be developed to regulate three stages: 1) before the contest, 2) during the contest, and 3) after the contest. Specific responsibilities should be outlined for all involved.

1. **BEFORE THE CONTEST**

If the athletic program is to be successfully administered, the athletic director must be concerned with the welfare of the fans and the student body. Since most high schools are in need of the additional revenue from gate receipts for financing the athletic program, all efforts must be put forth to make attendance an enjoyable experience, thus ensuring a return to other contests. Important pre-planning steps are:

- a) Make sure that all facilities are clean and comfortable.
- b) Staff adequate concession stands; if necessary, provide one for home and one for visitors.
- c) Provide ticket booths with admission prices plainly posted.
- d) Make available to visiting schools necessary game information: include directions for game parking, location of ticket booths, seating arrangement chart, ticket prices, game time, directions for reaching the site.
- e) Provide supervised parking, when feasible.
- f) Designate specific seating areas for students, bands, adults and visitors. If possible, opposing student bodies should be separated. If a reserved seating section is used, make sure that seats are clearly designated and that an usher is present.
- g) Discuss with the student body the need for showing good sportsmanship to visitors. An informative presentation of game rules and their interpretations might be helpful.
- h) Inform cheerleaders of the importance of proper timing of yells, display of good sportsmanship to visitors and cooperation with team, band and other activities.

If the athletic is to be successfully administered, the athletic director must be concerned with the welfare of the fans and the student body. Since most high schools are in the athletic program, all efforts must be put forth to make attendance an enjoyable experience, thus ensuring a return to other contests. Important pre-planning steps are:

- i) Arrange for adequate police supervision.
- j) Post in plain sight at the entrance to the stadium or gym a copy of the reasons for expulsion from the contest, e.g., use of alcohol, drugs, throwing objects, unruly behavior.
- k) Assign officials to dressing facilities separated from both teams. Provide escorts for the officials when it appears that disturbances may develop.

In extreme circumstances metal detectors may be advisable.

2. **DURING THE CONTEST**

- a) Provide for adequate supervision of students and facilities by the home school.
- b) Be sure that visiting schools assume responsibility for supervising their students.
- c) Plan an interesting half-time program.
- d) To prevent long lines, assure extra help at concession stands during half-time and at breaks.
- e) Arrange for security facilities to prevent fans from getting on the field, around the players' bench area or directly into areas of competition.
- f) Have P.A. announcer give the location of rest rooms, concession stands and lost and found station.
- g) Provide a first-aid room for emergencies. Have an ambulance and doctor in attendance at home football games, if possible.

3. **AFTER THE CONTEST**

Planning for after the contest is probably the most important of the three stages in crowd control. Most incidents and encounters occur after the game when the fans are on their way home. Some of the most important considerations are:

- a) Develop a procedural plan for the exit of teams, officials and spectators.
- b) Direct the route for movement of all visiting school buses and all home team buses. (Include band, pep club buses, etc.)
- c) Use the P.A. system to: 1) caution spectators about not walking on the floor or field, 2) give directions for leaving the area, 3) drive safely.
- d) To facilitate orderly movement of traffic lines, provide directive (local police may help) supervision for cars leaving the parking area.

C. RESPONSIBILITIES – ADMINISTRATORS AND ATHLETIC DIRECTORS

1. Assign and delegate to the proper school official the authority for crowd control responsibility.
2. Convey to the delegated authority the seriousness of crowd control.
3. Review with the athletic director the responsibilities of the police before, during and after the contest.
4. Stress good sportsmanship. Work with the student body to better their attitude through assemblies and the school public address system.
5. Insist that the coaches conduct themselves in a manner conducive to good sportsmanship and clean athletics.
6. Inform visiting school as to where you want them to park their buses and see that the guests are greeted and escorted to the game site. Inform the guest cheerleaders and reserve athletes to stay at the game site (with security) until the varsity athletes are ready to leave. Escort cheerleaders, athletes and coaches to their bus. As the fans leave the game site after the contest, have security move with the flow. After the fans are to their automobiles, see that traffic flow is organized and moving quickly.
7. Provide separate, clearly marked seating areas for the adults, students and visiting bands. It is strongly recommended that the fans from the two schools remain in the area designated as “their” stands. Problems occur whenever there is a crossover of fans and dialogue takes place, e.g., taunting, name-calling, teasing, and derogatory cheering. On a positive note, a student cheering section can add a new dimension to your school spirit.
8. Provide for parking and have a host (manager or athletic director) greet the officials and escort them to their dressing facilities. These facilities should be private and include a shower. The officials’ dressing room is off limits to all players, coaches, fans and news media personnel.
9. Acknowledge payment of officials prior to the game. As a courtesy to the official, provide soap, towel and refreshment.
10. After the game is over, see that security personnel go on to the playing area and escort the officials directly to their dressing room.
11. Remember, it takes very little to incite an already “up tight” crowd.
12. Provide visible police protection. This security force should have radio equipment which permits communications at all times. Security personnel need to know what you expect of them before, during and after the contest. They should have the philosophy of being there to provide a service – not just to look for a problem. A gentle but firm attitude is very helpful.
13. Encourage as many faculty members as possible to attend the athletic contests.
14. Insist that unruly spectators be removed from the premises. Take legal action against those who are guilty of assault or of disturbing the peace.
15. Outline to the students what is acceptable behavior at athletic events. Outline what will happen in cases of misconduct.

D. PUBLIC ADDRESS ANNOUNCER

1. The announcer is a key figure and carries a great responsibility. What he or she says and the way it is said will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies. The following items may assist announcers in doing their job with excellence:
 - a) Be impartial. Announce the game with no show of favoritism.
 - b) Use proper language at all times.
 - c) Be enthusiastic but calm.
 - d) Don't anticipate or second guess calls by the officials.
 - e) Be aware of the entire gymnasium area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the court, throwing things, cutting down nets, etc.
 - f) Let no one, except those in charge of the event, use the microphone. The announcer is responsible for whatever is said over the P.A.
 - g) Do not criticize officials' decisions, directly or indirectly.
 - h) Announce convenient routes for leaving the gymnasium and caution the crowd to drive carefully.
 - i) Advise the crowd to stand for the alma maters as this is a part of the program.

2. Pre-contest announcement.

The public address announcer should be aware that good sportsmanship is a very important part of interscholastic activities and he/she can play an important role in its encouragement. The following is presented as a possible pre-game announcement for any interscholastic contest:

"Activity programs at (name) High School are primarily for the student participants. The purpose of this activity is to provide positive learning experiences and opportunities for personal growth of the participants. We are pleased to host our guests from (name) High School. This competition is being conducted according to the rules of the Oklahoma Secondary School Activities Association. Cheerleaders, officials and spectators can and are expected to assist in the promotion and achievement of good sportsmanship ideals by taking personal

responsibility for keeping this contest at a high level of fair, clean, wholesome competition. Good luck to both teams."

E. RECOMMENDED BASKETBALL QUARTER TIME LIMITS

1. Boys and Girls
 - a) High School Varsity - 8 minutes - 4 minute overtime
 - b) Junior Varsity - 6 minutes - 2 minute overtime
 - c) Junior High - 6 minutes - 2 minute overtime
 - d) 7th and 8th grades - 6 minutes - 2 minute overtime
2. By conference vote or by mutual agreement, junior varsity boys and girls and junior high boys and girls may play 7 minutes with 2 minute overtimes. By National Federation rules, periods may be less than 6 minutes in order that tournament schedules and any other situations stay on schedule. The tournament director or mutual agreement should dictate these problems.

XXIV. SUMMERTIME DEAD PERIOD

The dead period will occur during the week in July that includes the 4th of July each year. The dead period will be nine (9) days in length and begin the weekend preceding the 4th of July and the weekend following the 4th of July.

Secondary-level students enrolled or pre-enrolled at a member school may not use any member school's athletic facilities during the dead period in connection with any athletic activity governed by the OSSAA. Member school coaches, assistant coaches and sponsors may not have any contact with secondary-level enrolled or pre-enrolled students in that member school in any athletic activity governed by the OSSAA for the purpose of coaching, training, or instructing.

Summertime policies, including beginning and end of season restrictions, can be found in the OSSAA Administrator's Handbook.

Violations of the summertime dead period policy will result in the coach or sponsor being suspended from the first half of the regular season in that athletic activity. School personnel not designated as a coach or sponsor in violation of the summertime dead period policy will result in the head coach being suspended from the first half of the regular season in that activity.

2. **School team**—A school team is defined as a team using school equipment, school uniforms and/or school transportation.

4. **Team camp**—A team camp is an instructional event for a particular sport involving team members from at least three schools participating as a team during instruction, scrimmages, and/or games. All school team members must be enrolled at the school for which they participate during the team camp. No session of any summertime training camp will be approved for more than two consecutive weeks.
5. **League**—A league consists of three or more teams playing games against one another and maintaining standings according to wins and losses and played over the course of a minimum of three consecutive weeks.

B. SCHOOL PERSONNEL AND SCHOOL TEAMS

School personnel who are serving or are designated to serve as coaches or assistant coaches:

1. May not conduct practice for a school team, in a direct or indirect manner, during the summertime period.
2. May coach a team that includes individuals that are members of a school team during the summertime period, in a camp, summer league, or summer tournament.
3. May coach a non-school team in basketball that includes no more than two students who participate or are expected to participate on the same school team.

4. In football and basketball school personnel who are serving or are designated to serve as coaches or assistant coaches may not coach a school team in a league or tournament before the conclusion of the school year or after July 15.
5. In all other OSSAA athletic activities school personnel who are serving or are designated to serve as coaches or assistant coaches may not coach a school team in a league or tournament before the conclusion of the school year.

An exception to the above limitations may be granted by the OSSAA, but approval for such an exception must be requested and granted in writing, in advance.

C. SCHOOL PERSONNEL AND CAMPS

School personnel who are serving or are designated to serve as coaches or assistant coaches are permitted to conduct or provide instruction at individual camps in a particular sport, including camps in which members of the school team in that sport are participating, provided that:

1. No session of the camp is held before the school year has concluded or after the first week in August (except in Football, any camp using OSSAA member school facilities must be concluded by July 15).
2. In Cross Country, Fall Baseball, Fast-Pitch Softball and Volleyball, no session of team camp may be held after the beginning of the season. (July 15)

D. INDIVIDUAL STUDENTS

An individual student who is attending or who is enrolled and planning to attend a member school in grades 7-12:

1. May participate on a non-school team in a league or tournament, including during this summertime period as defined above, (such as in AAU competition).
2. May participate in individual camps in a particular activity, however:
 - (a) after the school year has been completed, a student may only participate through the first week in August (except in Football, any camp using OSSAA member school facilities must be concluded by July 15);
 - (b) during the school year, a student may only participate if approved or permitted by the school, and the camp is not held at an OSSAA member school.
 - (c) no fees or expenses for the camp may be paid by the school, or by school personnel, or by any booster club or organization associated with the school, or by any non-family member; any discount or waiver of fees or expenses must be based on financial need, and must be available to all participants based on the same standards;
3. May participate in spring football and no more than one team camp, or 2 team camps and no spring football. Team camps must be completed by July 15.
4. May participate in any combination of four basketball team camps or summer tournaments.
5. A student may not accept any award other than a trophy, plaque, or medal, etc., for participation or achievement on a non-school team or in any type of camp. A student may accept items commemorating participation in a league, tournament, camp which are given to all participants, such as a T-shirt or a certificate, provided that the costs of such items are included in the fees and expenses charged for those events.
6. A student who participates in a camp in violation of any of these policies shall be ineligible unless and until reinstated by the Board of Directors. A coach who violates any of these policies shall not be permitted to engage in any coaching unless and until reinstated by the Board of Directors.

E. RESTRICTIONS ON SCHOOLS AND BOOSTER ORGANIZATIONS

1. A member school may conduct a camp for a particular activity, or permit a camp to be conducted on school property and/or in school facilities, after the end of the school year, provided that:
 - (a) the camp is open to students from all member schools in the grade level or grade levels designated for that camp;
 - (b) the camp is concluded prior to the end of the first week in August (except in Football, any camp using OSSAA member school facilities must be concluded prior to July 15).
2. Fees for camps conducted by the school or allowed to take place on school property and/or in school facilities may be discounted for children of school employees, provided that the same discounts are available to children of all school employees on an equal basis. In addition, a volume discount may be given, based on the number of children from the same household seeking to attend, provided that the volume discount is available for all families on the same basis.

Fees also may be discounted for students who are financially unable to pay the fees and expenses of the camp. The student must be able to demonstrate by objective means that financial assistance is needed, and all students must be evaluated for and granted assistance based on the same standards.

Johnson-O'Malley funds available to the school may be used to pay or offset expenses associated with camps conducted on school property and/or in school facilities.

3. A member school is not required to obtain OSSAA approval in advance to hold a camp or to allow others to conduct a camp, on school grounds and/or in school facilities. If, however, approval is not given in advance, then the event is not sanctioned by OSSAA, and participants in the camp will not be covered by any catastrophic injury insurance obtained by OSSAA.
4. A member school may not conduct a camp or allow a camp to be conducted on school property and/or in school facilities, which is limited, or which provides preferential treatment to, certain student-athletes or to students from certain schools, or which restricts participation on an "invitation-only" basis.
5. The school, or a booster club or organization associated with the school, may pay fees and expenses of the school team to attend a team camp, provided that all members of the school team have been invited to attend, and fees and expenses are paid for team members on an equal basis. Any monies coming from a booster club or organization for this purpose must be contributed to the school and distributed from a school account to pay these fees and expenses.

Neither the school, nor any booster club or organization associated with the school, may pay fees and/or expenses for students to attend an individual camp. The school may allow school-owned vehicles to be used to transport students enrolled at the school to an individual camp located in Oklahoma or a bordering state, and pay the cost of fuel for those vehicles, but the school otherwise may not pay for transportation expenses for students to attend an individual camp.

6. A member school conducting a camp or allowing a camp to be conducted on school property and/or in school facilities, must provide OSSAA, upon request, a list identifying students and personnel participating in the camp.
7. The school and/or school personnel may be penalized for any violations of these policies. If a booster club or organization associated with a school violates any of these policies, then the school may be required to end or restrict the involvement of that club or organization in school activities.

CAMP QUESTIONS AND ANSWERS

1. Can a Booster Club pay for the school's team to attend a team camp?
Answer: Yes, but any monies from a Booster Club must be contributed to and distributed from a school account, and all members of the school team must be provided the opportunity to attend the camp.
2. Can a booster club pay for students to attend individual camp?
Answer: No.
3. Can a school fund-raiser be held to pay for players to attend an individual camp?
Answer: No
4. Can the school provide transportation for a student(s) to attend individual camp?
Answer: Yes, the school may allow school-owned vehicles to be used to transport students enrolled at the school to an individual camp located in Oklahoma or a bordering state, and pay the cost of fuel for those vehicles.
5. Can discounts be given to school employees, including coaches, for their children to attend individual or team camps?
Answer: Yes, as long as the discount is available to all school employees.
6. Can a member school that is sponsoring or providing facilities for an individual or team camp allow fees to be discounted for students who are financially unable to afford the fees?
Answer: Any such discount must be based on an objective measure of financial means applied equally for all participants. For example, a discount could be offered to all children who demonstrate they qualify for free or reduced lunches where they regularly attend school.

7. Can a member school sponsoring or providing facilities for an individual or team camp allow an additional discount to a family with multiple children participating in the camp?
Answer: Yes, as long as the discount is equally available to all families.
8. Does a member school sponsoring or providing facilities for an individual or team camp have to obtain OSSAA's sanction for the camp?
Answer: No. Regardless of whether a camp is sanctioned by OSSAA or not, all member schools and their students in grades 7-12 participating in the camp must still comply with OSSAA rules and policies concerning such camps.
In addition, students in grades 7-12 attending a camp sanctioned by OSSAA receive insurance coverage through OSSAA for catastrophic injury while participating at the camp. This coverage does not apply if the camp is not sanctioned by OSSAA.
9. If a member school is allowing its facilities to be used by others who have no connection or affiliation with the school, does the camp still have to comply with all OSSAA rules and policies concerning camps?
Answer: Yes, if a camp is being conducted at your school's facilities, entirely or in part, then the school is responsible for making sure that the camp is conducted in compliance with OSSAA rules and policies concerning camps.
10. Can a student attend an individual camp during the school year?
Answer: Yes, with permission from their respective school, a student may attend an individual camp during the school year as long as the camp is not being conducted at an OSSAA member school.
11. Can a student who has not yet enrolled at our school attend a team camp with our school team?
Answer: No. A student must have at least pre-enrolled to attend your school in the next semester before that student is permitted to attend a team camp with your school's team.
12. Can a non-family member pay for or help pay a student's fees for an individual or team camp?
Answer: No.
13. Can a family member outside a student's immediate family (*i.e.*, a grandparent or aunt) pay or help pay a student's fees for an individual or team camp?
Answer: Yes.
14. Can a coach provide services at a camp in exchange for a waiver on fees for the coach's children to participate in the camp?
Answer: No.
15. If a member school does not offer team athletics at the 7th grade level, do 7th graders from that school still need to comply with OSSAA rules and policies concerning camps?
Answer: Yes. For example, a 7th grade student from that school would not be permitted to participate in a summer football camp after July 15.
