Discussion Items:

1. Class 5A-6A single elimination in the first round of the regional tournament.  
With District play in classes 5A and 6A, this play serves as the preliminary round of the play offs.
2. Pre-determined state tournament bracket for Class 5A-6A.  
A pre-determined bracket will be used for the State Tournament in classes 5A and 6A rather than a ranking system.
3. Take to the Board to send to area meetings the implementation of Class A being 64 teams, Class B being divided into two even classes (unless an odd number where B2 would be one school bigger).
4. 10 minute warm-up time for playoffs
5. Proposal to play all classes at the “New Big House”  
Discussion regarding playing all classifications at the Big House for the 2024-2025 school year, with an option to consider one site for all classifications in the future.
