EDUCATION-BASED ACTIVITY PROGRAMS

The National Federation of State High School Associations and the Oklahoma Secondary School Activities Association recognize the numerous potential benefits of participation by students in education-based activities. While education-based activities may differ between the stakeholder groups, all should be centered on optimizing the student's scholastic activity experience. Students will change, develop, and expand abilities over time; coaches, administrators and parents should not only be cognizant of the fluid process, but also foster a safe, positive environment in which development can occur. Education-based activities must always be viewed as an evolving and unpredictable path.

The NFHS and the OSSAA recognize the influential role played by coaches and directors in all activities, and therefore emphasis should be placed on those individuals to instill and reinforce fundamentals and best practices, not only to minimize risk but also to promote an environment in which a student has the opportunity to reach his or her full potential. The common goal for all the stakeholders involved with education-based activities should be to make the experience enjoyable and rewarding for all.

While our position is not intended to squelch dreams of achieving a college scholarship or professional or Olympic glory, we do place emphasis on the student's entire scholastic activity experience with the goals of enhancing participation, reducing injury risk, and optimizing performance and success (however defined) during the student's high school career. The ultimate goal: Producing an individual who is competent, confident, connected to his or her peer group and community, and of high character. This essential principle is at the core of the scholastic activity experience and is fundamental to the mission of the OSSAA and NFHS.

DIVERSITY, EQUITY AND INCLUSION (DEI)

Promoting education and the understanding of groups that have social and cultural differences is an integral part of education-based activities. Every student participating in activities at an OSSAA member school is entitled to participate in a safe school environment that is free from bias. Any form of bias (including demeaning comments, racial, ethnic, or homophobic slurs) based on social or cultural differences will not be tolerated in education-based activities.

The head coach and team will be subject to additional suspension penalties beyond the normal penalties imposed on fighting and unsportsmanlike acts which occur during the contest. Injuries have occurred because of fans climbing over walls and fences, being trampled, or partaking in dog-pile celebrations, etc. at the conclusion of a contest. Therefore, school administrators should be aware that if their student body and fans come onto the playing area after a contest, penalties may be imposed.

J. Weekly Eligibility

1. A student's current scholastic eligibility status would not change if an OSSAA play-off contest was delayed into the next week due to inclement weather or other extreme circumstance.

K. NOISE MAKERS

For indoor activities: Boom boxes or any type of device that plays music, sounds, or voices, and noise makers of any kind such as air horns, cow bells, etc. will not be allowed to function/operate. This will also apply to pre-game/contest and post-game contest activities. This rule applies to both regular and post-season games/contests.

For outdoor activities: Noise makers are allowed at outdoor activities unless they interrupt the normal game/contest procedure of announcers, bands, cheer squads, drill teams or any other game/contest related activities. IV. RULE 9 - THESE RULES HAVE BEEN ADOPTED BY THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS.

A. Course - Art. 1

1. The cross country run shall be a course 2500 to 5000 m (1.5 to 3.1 miles) in length as determined by the meet director or games committee.
2. Measurement of the course shall be along the shortest possible distance. The course shall be clearly marked. This may be by a wide line marked with a material which is not injurious to the eyes or skin, or by signposts with large directional arrows wherever the course turns, or by flags about 1 ft. square and mounted on stakes which hold them 6 ft. or more above the ground.

Flag Designations

1. A red flag indicates a turn to the left.
2. A yellow flag indicates a turn to the right.
3. A blue flag indicates a course straight ahead.

C. Art. 2

In case of a discrepancy in the course markings, directional flag markings take precedence over any other course markings.

D. Art. 3 - The race course should include the following features:

1. Signs and flags at least 6 ft. above the ground should be visible for 100 ft. Turns and guidelines should be marked on the ground with a material which is not injurious to the eyes or skin. The course should be at least 3 ft. wide at its narrowest place. Small survey flags of the appropriate color may be used in lieu of painted lines or survey chalk.
2. No ground obstructions which might cause tripping or turned ankles. No overhead objects such as tree branches lower than 8 ft. above the ground.
3. A 2 in. wide starting line should be marked at the beginning of a lengthy straightaway, wide enough to accommodate all teams, i.e., the width of the number of teams multiplied by 6 ft.
4. At the end of the course, a straightaway of at least 150 yards ending in a rope funnel with a mouth 15 feet wide. The finish line should be at the mouth of the funnel and 15 to 25 feet from the chute. This funnel should narrow to a rope chute about 30 inches wide and at least 100 feet long. The stakes supporting the ropes should be solid enough to permit taut ropes, and the stakes and ropes near the finish line should be well-padded. See diagrams of chutes. Note: For large meets, the use of multiple chutes is recommended.

E. Section 2 - Scoring

1. Art. 1 - Scoring shall be as shown in the following table:

Place:	First	Second	Third	Fourth	Fifth	Sixth,	etc.
Points:	1	2	3	4	5	6	etc.

2. Art. 2 - All competitors who finish the race shall be ranked and tallied in accordance with the above table. In cross country, up to seven team members retain their order of finish. Any team members beyond seven shall be disregarded and shall not displace any opposing runners. The team score shall then be determined by totaling the points scored by the first five finishers of each team. The team which scores the fewest number of points is the winner.
3. Art. 3 - If fewer than five competitors of a team finish, (or other number specified by the games committee) the places of all members of that team shall be disregarded and the team scores reranked. By state association adoption, modified scoring system may be used.
4. Art. 4 - Ties in team scoring shall be resolved by comparing the sixth place finishers from the tying teams. The team with the best sixth place finisher shall prevail. If one team does not have a sixth place finisher, the team with the sixth place finisher shall prevail.
5. Art. 5 - If only five competitors of tying teams finish, the tie shall be resolved by totaling the scores of the first four finishers.
6. Art. 6 - The score of a forfeited dual meet in cross country shall be 15-50.

NOTE: Rules 2-3-1, through 3, on the correction of errors, also applies to cross country scoring.

F. Section 3 – Start/Conclusion

1. Art. 1 – A cross country race begins when the competitors are called to the starting line for final instructions and is considered to be official and concluded when places have been determined and the results have been recorded.
2. Art. 2 – A competitor finishes a cross country race when the torso of the runner breaks the plane of the finish line when using hand- or picture –based timing systems.
3. Art. 3 – Computerized chips may be used to record the finish order of a runner in cross country. A bib transponder or two transponder/chips per runner, one attached to each shoe, is preferred. When transponder/chips are used, the official order of finish for the runner is that recorded by the transponder/chips, unless meet management is also using an image-based timing system that indicates the order should be adjusted.

G. Section 4- Officials

Art. 1 - The games committee or the meet director shall establish the length of the course, assign the teams by lot to their starting positions, and provide the necessary meet facilities.

1. Art. 2 - Referee - the referee shall make final decisions concerning questions which are not specifically placed under the jurisdiction of other officials and shall disqualify any runner for violation of the rules. (See 9-7)
2. Art. 3 – Prior to the meet, the referee shall, either by a meeting or written communication, address the following with all head coaches and team captains:

 - b. The head coach shall verify verbally, or in writing, that all his/her competitors are properly equipped (uniform, equipment) in compliance with these rules.
 - c. Any special circumstances, procedures and information pertaining to the meet.
4. Art. 4 – Starter - Once the teams have been called to the starting line by the starter for final instructions, no further run-outs shall be permitted
 - a. The command shall be, "On Your Marks." When all competitors are steady, starting device shall be fired. For an unfair start, the starter or assistant starter shall recall the runners by firing the starting device. If a runner falls during the first 50 m due to contact with another runner, the race shall be recalled by firing the starting device.
 - b. Audio/Visual start: When conditions dictate, the starter may use whistle/flag commands along with the starting device. Because this technique is used with a large number of competitors, it is recommended, the starter take a position well in front of the runners so the competitors can see and to be able to move to the side.
 - i. Give a brief and concise review of the starting commands and procedures to be used for the start with all competitors immediately before the start.
 - ii. The starter will hold the starting device and red flag parallel to the ground and give a long blast of the whistle. This is the signal for the runners to step up to, but not touch, the starting line and become motionless.
 - iii. The starter slowly raises both arms overhead.
 - iv. When all runners are set and motionless and the recall starters signal with a white flag, the starting device is fired and at the same time, the red flag is motioned downward, indicating the start of the race.

The runners will be observed for the first 50 meters to recall the race for any reason that would constitute an unfair start.
Note: The use of audio-visual start/count-down time clock is permitted.

5. Art. 5 - Clerk of the Course - the clerk shall place the teams in the proper position on the starting line and give all needed instructions. Also, the clerk should check and enforce uniform, visible apparel, and shoe regulations.
6. Art. 6 - Chute Director – The chute director shall:
 - a. Supervise the finish chute during the race finish.
 - b. Assign stand-ins (fillers) to replace any runner who falls and cannot continue through the chute after crossing the finish line.
 - c. Assign gate controllers when more than one chute is used.
 - d. Assign marshals to keep the chute area free of any unauthorized individuals.
 - e. Be certain chute umpires, callers, checkers, and timers are in place when the runners finish the race.
7. Art. 7 - Finish Judges - the finish judges stand outside the chute, and on the finish line, and determine the order in which runners enter the chute. Their decision is final and without appeal except for possible action taken by the referee or jury of appeals.
8. Art. 8 - Chute Umpires - the chute umpires supervise the competitors after they enter the chute and see that they are properly checked to prevent any irregularity in the order of finish. They see that all competitors who cross the finish line are given their proper order as the contestants go through the chute.
9. Art. 9 - Caller - the caller calls the number of each competitor in the order of his/her proper place in the chute.
10. Art. 10 - Checkers - the checkers keep a record of the competitors and their order of finish as announced by the caller. In case of conflicts, if two agree, their records are accepted. If agreement cannot be reached by at least two of the checkers, the referee makes the final decision.

11. Art. 11 - Course Umpires - the course umpires observe the activity of the competitors. If any competitor fails to run the proper course, or otherwise violates the rules, the umpires report the infraction to the referee.
12. Art. 12 - Timers - record the times of the competitors who finish. A timer may be assigned at a designated spot along the course to call elapsed times during the race.
13. Art. 13 - Marshals - shall keep the competitive area free from all persons except officials, contestants and other individuals authorized by the games committee.

H. Section 5 - Teams

A cross country team is represented by coaches, contestants, managers, trainers, and other associated school personnel. A cross country team shall consist of seven members unless otherwise agreed. In cross country, up to seven team members retain their order of finish. Any member beyond seven shall be disregarded and shall not displace any opposing runners. At Regional and State, no more than seven runners from one team may participate.

I. Section 6- Uniforms

1. Art. 1 - Visible items worn under both the top and the bottom do not have to be the same color.
2. Art. 2 – Uniforms must be worn as intended by the manufacturer. The waistband of the competitor's shorts shall be worn above the hips. There shall be no bare midriff.
3. Art. 3 - A shoe is a covering for the foot. Shoes shall be worn on both feet and shall have an upper and recognizable sole and heel. The upper must be designed so it can be fastened securely to the foot. The sole and heel may contain grooves, ridges or track spikes which are not longer than 1 in. The use of slippers or socks does not meet the requirements of the rule.
4. Art. 4 - Each team member shall wear the same color and design school uniform.
5. Art. 5 - A competitor shall wear the assigned unaltered contestant number, when numbers are used and computer chips when those devices are used in competition.
6. Art. 6 - Removing any part of the team uniform, excluding shoes, while in the area of competition, as defined by the games committee, shall lead to a warning and if repeated, to disqualification from the event. If the incident recurs, the athlete will be disqualified from further competition in the meet.
PENALTY: (All articles) For illegal uniform, the competitor is disqualified from the event.

J. Section 7 - Disqualifications

1. Art. 1 - A competitor who false starts.
2. Art. 2 - A competitor who interferes with another competitor.

Note: Providing liquids during competition is not considered to be an aid or assistance.
5. Art. 5 - A competitor who fails to complete the prescribed course which is defined by a legal marking system.
PENALTY: Disqualification from the event.

V. **NOT HONORING A PROTEST (Board Policy XLVIII)**

OSSAA will not consider requests to overturn the determinations of game/contest officials in interpreting or enforcing rules at games or contests. In agreeing to participate in a game or contest, a member school, and the individual participants and the coaches or sponsors representing that member school, accept the risk that game/contest officials may make errors in interpreting or enforcing rules at games or contests. - M. Achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
- N. Any time a coach who does not hold a valid Oklahoma teaching certificate (lay or volunteer coach) is ejected from a contest for unsportsmanlike conduct, including but not limited to arguing a call, language or gestures directed toward a game official, he or she will be required to complete the NFHS Teaching and Modeling Behavior course within seven (7) days of the ejection, the course can be found at [NFHSLearn.com](https://www.nfhslearn.com). Additionally, personnel not holding a valid Oklahoma teaching certificate must meet with a representative of the OSSAA prior to being reinstated to coach the school team. A school administrator will also be required to attend the meeting.

VIII. PUBLIC CRITICISM OF CONTEST OFFICIALS AND SCHOOL REPRESENTATIVES

Any school representative who publicly criticizes a contest official, and any contest official who publicly criticizes a school representative in connection with a contest meet or tournament is subject to sanctions. The member school represented by an individual who publicly criticizes a contest official may also be subject to sanctions if the school fails to take appropriate action in response to the school representative's public criticism of the contest official. The sanctions could include warning or suspension. Public criticism includes but is not limited to comments made to the media or during a broadcasted event, and comments made in a public forum.

IX. HAZING

Hazing incidents have no place in the activity programs of our member schools. The OSSAA encourages each member school to develop procedures to inform their students that this type of behavior is not acceptable and should not be tolerated.

X. TAUNTING

Any form of taunting which is intended or designed to anger, bait, embarrass, ridicule, or demean others is subject to penalty.

XI. EMERGENCY ACTION PLAN

Any time a member school is hosting a planned activity at a school facility there must be an Emergency Action Plan in place. The plan must be shared with any visiting school. An Emergency Action Plan, or EAP, is a formal written plan, developed by the host site, which identifies potential emergency conditions at the event site and prescribes the procedures to be followed to minimize or prevent loss of life and property.

XII. SUMMERTIME DEAD PERIOD

The dead period will occur during the week in July that includes the 4th of July each year. The dead period will be nine (9) days in length and begin the weekend preceding the 4th of July and the weekend following the 4th of July.

Secondary-level students enrolled or pre-enrolled at a member school may not use any member school's athletic facilities during the dead period in connection with any athletic activity governed by the OSSAA. Member school coaches, assistant coaches and sponsors may not have any contact with secondary-level enrolled or pre-enrolled students in that member school in any athletic activity governed by the OSSAA for the purpose of coaching, training, or instructing.

Summertime policies, including beginning and end of season restrictions, can be found in OSSAA Board Policy XI in the Administrator's Handbook.

Violations of the summertime dead period policy will result in the coach or sponsor being suspended from the first half of the regular season in that athletic activity. School personnel not designated as a coach or sponsor in violation of the summertime dead period policy will result in the head coach being suspended from the first half of the regular season in that activity.
