After the officials enter the field or court, the administrator in charge should advise the head official as to the location where the game manager will be during the contest(s) should a problem arise. Someone should be designated to meet the officials to assure their safe return to the dressing room after the contest. This applies to regular season as well as playoff contests.

VIII. OFFICIALS AND PROTESTS

- A. The regulations of the Oklahoma Secondary School Activities Association provides that all officials used in regular season basketball and football competition and OSSAA-sanctioned tournaments where participants are 7th-12th grades must be enrolled with the OSSAA and have passed Part I of the National Federation rules examination for that sport. The regulations also apply to regular season competitions in baseball, soccer, softball, volleyball, and wrestling where participants are 9th-12th grades.
- B. **NOT HONORING A PROTEST**
OSSAA will not consider requests to overturn the determinations of game/contest officials in interpreting or enforcing rules at games or contests. In agreeing to participate in a game or contest, a member school, the individual participants, and the coaches or sponsors representing that member school, accept the risk that game/contest officials may make errors

in interpreting or enforcing rules at games of contests. Any errors by game/contest officials should be raised with those officials, in a respectful manner, and in accordance with the rules established for that particular activity. The decisions of the game/contest officials are accepted as final.

The head coach and team will be subject to additional suspension penalties beyond the normal penalties imposed on fighting and unsportsmanlike acts that occur during the contest. Injuries have occurred because of fans climbing over walls and fences, being trampled, or partaking in dog-pile celebrations, etc. at the conclusion of a contest. The celebration by fans, players, or coaches acting in an unsportsmanlike manner (example: pouring water on the coach) after a contest will result in possible penalties imposed against the school. School administrators should be aware that if their student body and fans come onto the playing area after a contest, penalties may be imposed.
- B. Any substitute or team member who leaves the team bench (football player leaving the team box, baseball or softball player leaving the dugout, basketball player or wrestler leaving the team bench, etc.) and enters the playing area during a fight or any other serious unsportsmanlike act, shall be ejected. Those players or team members identified by game officials, school administrators, or videotape will be suspended a minimum of one game if they were not involved in the altercation and a minimum of two games (exception: soccer) if they were involved in the altercation. This rule applies to both regular season and playoff games. The suspension applies to individuals/teams on the same level of competition; i.e., varsity to a varsity game, junior varsity to a junior varsity game, etc. Any additional penalties by the National Federation Rule Book and the OSSAA Rules and Regulations Handbook would also apply. An Emergency Action Plan, or EAP, is a formal written plan, developed by the host site, that identifies potential emergency conditions at the event site and prescribes the procedures to be followed to minimize or prevent loss of life and property.

XV. HAZING

Hazing incidents have no place in the activity programs of our member schools. The OSSAA encourages each member school to develop procedures to inform their students that this type of behavior is not acceptable and should not be tolerated.

XVI. TAUNTING

Any form of taunting which is intended or designed to anger, bait, embarrass, ridicule, or demean others is subject to penalty.

XVII. EDUCATION-BASED ACTIVITY PROGRAMS

The National Federation of State High School Associations and the Oklahoma Secondary School Activities Association recognize the numerous potential benefits of participation by students in education-based activities. While education-based activities may differ between the stakeholder groups, all should be centered on optimizing the student's scholastic activity experience. Students will change, develop and expand abilities over time; coaches, administrators, and parents should not only be cognizant of the fluid process but also foster a safe, positive environment in which development can occur. Education-based activities must always be viewed as an evolving and unpredictable path.

The NFHS and the OSSAA recognize the influential role played by coaches and directors in all activities, and therefore emphasis should be placed on those individuals to instill and reinforce fundamentals and best practices, not only to minimize risk but also to promote an environment in which a student has the opportunity to reach his or her full potential. The common goal for all the stakeholders involved with education-based activities should be to make the experience enjoyable and rewarding for all.

While our position is not intended to squelch dreams of achieving a college scholarship or professional or Olympic glory, we do place emphasis on the student's entire scholastic activity experience with the goals of enhancing participation, reducing injury risk, and optimizing performance and success (however defined) during the student's high school career. The ultimate goal; Producing an individual who is competent, confident, connected to his or her peer group and community, and of high character. This essential principle is at the core of the scholastic activity experience and is fundamental to the mission of the OSSAA and NFHS.

XVIII. DIVERSITY, EQUITY, AND INCLUSION (DEI)

Promoting education and the understanding of groups that have social and cultural differences is an integral part of education-based activities. Every student participating in activities at an OSSAA member school is entitled to participate in a safe school environment that is free from bias. Any form of bias (including demeaning comments, racial, ethnic, or homophobic slurs) based on social or cultural differences will not be tolerated in education-based activities.

XIX. OFF-SEASON TRY-OUTS

Only students attending school in the district for which the try-out is held may be permitted to participate in a try-out. Try-outs should only be conducted for the purpose of the selection of a school team and may not be used for practice time. Each day of the try-out may be up to 2 hours in length. No off-season try-out will be allowed for more than three days, and all sessions of the try-out must conclude by 9 p.m. A record of all try-outs should be kept on file at the member school detailing the dates, times and grade level of all participants in the tryout. The OSSAA reserves the right to request these records from a member school. Exception: Cheerleading may conduct a clinic of no more than 4 days; each day of the try-out clinic may be up to two hours in length. All students participating in the tryout must be attending school in the district for which the try-out is being held.

XX. SUMMER TIME DEAD PERIOD

The dead period will occur during the week in July which includes the 4th of July each year. The dead period will be nine (9) days in length and begin the weekend preceding the 4th of July and the weekend following the 4th of July.

Secondary-level students enrolled or pre-enrolled at a member school may not use any member school's athletic facilities during the dead period in connection with any athletic activity governed by the OSSAA. Member school coaches, assistant

coaches, and sponsors may not have any contact with secondary-level enrolled or pre-enrolled students in that member school in any athletic activity governed by the OSSAA for the purpose of coaching, training, or instructing. Summertime policies, including beginning and end-of-season restrictions, can be found in OSSAA Board Policy XII in the Administrator's Handbook.

Violations of the summertime dead period policy will result in the coach or sponsor being suspended from the first half of the regular season in that athletic activity. School personnel not designated as a coach or sponsor in violation of the summertime dead period policy will result in the head coach being suspended from the first half of the regular season in that activity.

E. RESTRICTIONS ON SCHOOLS AND BOOSTERS ORGANIZATIONS

1. A member school may conduct a camp for a particular activity, or permit a camp to be conducted on school property and/or in school facilities, after the end of the school year, provided that:
 - (a) the camp is open to students from all member schools in the grade level or grade levels designated for that camp;
 - (b) the camp is concluded prior to the end of the first week in August (except in Football, any camp using OSSAA member school facilities must be concluded prior to July 15).
2. Fees for camps conducted by the school or allowed to take place on school property and/or in school facilities may be discounted for children of school employees, provided that the same discounts are available to children of all school employees on an equal basis. In addition, a volume discount may be given, based on the number of children from the same household seeking to attend, provided that the volume discount is available for all families on the same basis.
Fees also may be discounted for students who are financially unable to pay the fees and expenses of the camp. The student must be able to demonstrate by objective means that financial assistance is needed, and all students must be evaluated for and granted assistance based on the same standards.
Johnson-O'Malley funds available to the school may be used to pay or offset expenses associated with camps conducted on school property and/or in school facilities.
3. A member school is not required to obtain OSSAA approval in advance to hold a camp or to allow others to conduct a camp, on school grounds and/or in school facilities. If, however, approval is not given in advance, then the event is not sanctioned by OSSAA, and participants in the camp will not be covered by any catastrophic injury insurance obtained by OSSAA.
4. A member school may not conduct a camp, or allow a camp to be conducted on school property and/or in school facilities, which is limited, or which provides preferential treatment to, certain student-athletes or to students from certain schools, or which restricts participation on an "invitation-only" basis.

5. The school, or a booster club or organization associated with the school, may pay fees and expenses of the school team to attend a team camp, provided that all members of the school team have been invited to attend, and fees and expenses are paid for team members on an equal basis. Any monies coming from a booster club or organization for this purpose must be contributed to the school, and distributed from a school account to pay these fees and expenses.
Neither the school, nor any booster club or organization associated with the school, may pay fees and/or expenses for students to attend an individual camp. The school may allow school-owned vehicles to be used to transport students enrolled at the school to an individual camp located in Oklahoma or a bordering state, and pay the cost of fuel for those vehicles, but the school otherwise may not pay for transportation expenses for students to attend an individual camp.
6. A member school conducting a camp, or allowing a camp to be conducted on school property and/or in school facilities, must provide OSSAA, upon request, a list identifying students and personnel participating in the camp.
7. The school and/or school personnel may be penalized for any violations of these policies. If a booster club or organization associated with a school violates any of these policies, then the school may be required to end or restrict the involvement of that club or organization in school activities.

CAMP QUESTIONS AND ANSWERS

2. Can a booster club pay for students to attend individual camp?
Answer: No.
3. Can a school fund-raiser be held to pay for players to attend an individual camp?
Answer: No

Answer: Yes, as long as the discount is available to all school employees.
6. Can a member school that is sponsoring or providing facilities for an individual or team camp allow fees to be discounted for students who are financially unable to afford the fees?
Answer: Any such discount must be based on an objective measure of financial means applied equally for all participants. For example, a discount could be offered to all children who demonstrate they qualify for free or reduced lunches where they regularly attend school.
7. Can a member school sponsoring or providing facilities for an individual or team camp allow an additional discount to a family with multiple children participating in the camp?
Answer: Yes, as long as the discount is equally available to all families.
8. Does a member school sponsoring or providing facilities for an individual or team camp have to obtain OSSAA's sanction for the camp?
Answer: No. Regardless of whether a camp is sanctioned by OSSAA or not, all member schools and their students in grades 7-12 participating in the camp must still comply with OSSAA rules and policies concerning such camps. In addition, students in grades 7-12 attending a camp sanctioned by OSSAA receive insurance coverage through OSSAA for catastrophic injury while participating at the camp. This coverage does not apply if the camp is not sanctioned by OSSAA.
9. If a member school is allowing its facilities to be used by others who have no connection or affiliation with the school, does the camp still have to comply with all OSSAA rules and policies concerning camps?
Answer: Yes, if a camp is being conducted at your school's facilities, entirely or in part, then the school is responsible for making sure that the camp is conducted in compliance with OSSAA rules and policies concerning camps.
