2025-2026 Golf Rules Meetings**

State Rules meetings are mandatory for head coaches and must be completed by March 1. Failure to comply will result in the suspension of the head coach from all interscholastic competition until the coach is in compliance.

The rules meeting this year will be at the OCA coach's clinic on Tuesday, July 29th at 12:00pm. Additionally we will have the second rules meeting via Zoom on January 20th and will be posted on the Golf page of OSSAA.com on or before January 30, 2026.

EDUCATION-BASED ACTIVITY PROGRAMS

The National Federation of State High School Associations and the Oklahoma Secondary School Activities Association recognize the numerous potential benefits of participation by students in education-based activities. While education-based activities may differ between the stakeholder groups, all should be centered on optimizing the students' scholastic activity experience. Students will change, develop and expand abilities over time; coaches, administrators, and parents should not only be cognizant of the fluid process but also foster a safe, positive environment in which development can occur. Education-based activities must always be viewed as an evolving and unpredictable path.

The NFHS and the OSSAA recognize the influential role played by coaches and directors in all activities, and therefore emphasis should be placed on those individuals to instill and reinforce fundamentals and best practices, not only to minimize risk but also to promote an environment in which a student has the opportunity to reach his or her full potential. The common goal for all the stakeholders involved with education-based activities should be to make the experience enjoyable and rewarding for them all.

While our position is not intended to squelch dreams of achieving a college scholarship or professional or Olympic glory, we do place emphasis on the student's entire scholastic activity experience with the goals of enhancing participation, reducing injury risk, and optimizing performance and success (however defined) during the student's high school career. The ultimate goal: Producing an individual who is competent, confident, connected to his or her peer group and community, and of high character. This essential principle is at the core of the scholastic activity experience and is fundamental to the mission of the OSSAA and NFHS.

*Format subject to change

On regional and state tournaments where there are rain delays and tournaments may not be completed, the tournament director, Rules Chair and host professional should contact the state director of golf to arrive at when play should end.

1. Ties in team position shall have tee times determined by the fifth score for the second round, then first round, and then flip of a coin.
2. Ties in individual positions shall be determined by matching scorecards beginning with the second round with the winner taking the higher seed.
3. The order of play for a given team on the second day may be changed once and only involving one position. (Example – switch #1 bag and #2 bag **or** switch #4 bag and #5 bag but not both). A change of more than one position in the line-up will result in a two-stroke penalty per player involved in switching line-up positions for the round being played. The penalty will be assessed against the team score.

V. GOLF TOURNAMENT RULES OF PLAY

Local Rules and Terms of the Competition

The Rules of Golf as approved by the United States Golf Association and R&A Rules Limited govern play. These Local Rules and Terms of the Competition are in effect at all OSSAA sanctioned golf events. See applicable Notice to Players or Supplementary Rules for modifications or additions to these Local Rules and Terms of the Competition. Complete text of the Rules and Local Rules may be found in the Official Guide to the Rules of Golf, effective January 2024.

****Unless otherwise noted, the penalty for breach of a Local Rule is the general penalty. ****

- A. Method of Play
All events will be either match play or stroke play competitions. In stroke play competitions, a player's score will be capped at a maximum number of Double par for non-post season events and strokes set at 9 for Regionals and State.
- B. Out of Bounds
Defined by the line between the course-sided points of white stakes and fence post at ground level. A ball that crosses a road defined as out of bounds and comes to rest beyond that road is out of bounds, even though it may rest on another part of the course.
- C. Obstructions
Anything artificial except for integral objects and boundary objects.
- D. Penalty Areas

If the player replays the stroke but does so from a wrong place, they get the general penalty under Rule 14.7.
If the player does not replay the stroke, they get the general penalty and the stroke counts, but the player has not played from the wrong place.
- K. Penalties in Maximum Score

The committee will consist of the chair of the rules committee, tournament director, and the course manager or course professional at the golf course hosting event. The Tournament Director will work with the chair of the Rules Committee to make decisions pertaining to the conduct of the tournament, including, but not limited to, pairings, golf course setup, and rules committee. The Games Committee will make decisions pertaining to protests and suspensions /resumption of play. The Tournament Director shall be responsible to provide the following to Coaches and Players in the event:

Each team or individual must identify the advice giver(s) to the Games Committee before players on the team or an individual asks for or receives advice from the advice giver(s). The advice giver(s) must be designated by their school to perform coaching duties, wear a Coach Badge (if provided), and be school employees or approved by the school board to serve in that capacity. All advice givers must complete the same assigned courses as that of lay coaches. **AT LEAST ONE ADVICE GIVER MUST BE A SCHOOL EMPLOYEE.** Advice giver(s) must not interfere with pace of play and rights of other players. A team's advice giver must only give advice to, and ask advice from, players on their team and the team's other advice giver and must not ask for advice from any other advice giver or any other outside influence. When a player is competing as an individual, the player's advice giver must only give advice to the player and must not ask advice from any other advice giver or any other outside influence. If an advice giver asks advice from someone not allowed, the Games Committee may revoke their position.
 Note: Advice givers are outside influences and are not treated as part of the player's side. However, a player is responsible for certain actions of another person, including his advice giver, under Rule 1.3c(1). A penalty may apply when:
 - The player's advice giver takes an action that would breach the Rules if taken by the player and that advice giver does so at the player's request or while acting with the player's authority, such as the player asking the advice giver to stand in a location on or close to an extension of the player's line of play to help the player with his alignment, in breach of Rule 10.2b(4).

The Committee trusts that all players and advice givers respect the principle of obedience to the rules, proper conduct and fair play in the spirit of the game.
5. Coaches are not permitted to play on the course at the tournaments.
6. Participants may not use caddies or motorized pull/golf carts during the championship rounds. Non-motorized push/pull carts may be used by a participant at a regional or state tournament. It is up to the school to secure the non-motorized push/pull cart. Any exception to this rule must be granted in writing by the OSSAA. (The OSSAA will apply the standards of the American with Disabilities Act to determine if conditions exist to allow the use of a motorized golf cart.)
7. For playoff tournament play, a limit of nine strokes on a hole shall be used. The ball must be picked up after nine strokes to maintain pace of play and may be declared at any time. The nine-stroke rule is solely used to speed up play and shall not be used to avoid disqualification.
8. Scoring System
 - A. Each player will keep score for their marker on the paper score card and on the App.
 - B. All scores are to be declared and recorded at the end of each hole before starting the next hole or in the case of the last hole of a stipulated round, before signing the official card.
 - C. Any correction must be done before starting the next hole or the signing of the card if the correction is on the last hole of a stipulated round.
9. In regional and championship play, boys and girls shall participate on separate teams.
10. Substitutions – Substitutions for player(s) competing on a team would be permitted at the coach's discretion.  3. All other gallery members are advised to stay on the cart trails and not communicate with the players except at the end of 9 and 18 holes. Gallery members should never communicate with other teams/team members in a negative manner.

4. The gallery is advised to remain a reasonable distance (30-40 yards) behind all players in the group and are urged to use proper golf etiquette and not move or talk while any member of the group hits a shot or putt. Gallery members should
5. Failure to observe this rule may result in stroke penalties or team disqualifications.
6. All cell phones should be placed on "silent" or "vibrate" when carried on the golf course.
7. IN ORDER TO IMPROVE COMMUNICATION, COACHES ARE ADVISED TO COMMUNICATE THIS MESSAGE TO THEIR PLAYERS AND THE PLAYERS TO THEIR PARENTS, FANS, AND FRIENDS.
8. Violation of Gallery Rule
 - a) 1st offense – warning
 - b) 2nd offense and beyond – 2 strokes penalty on player
14. The OSSAA suggests that players be informed that they have the right to stop play if they think lightning threatens them, even though the committee may not have specifically authorized it by signal.
15. Scorecards - For OSSAA sanctioned tournaments, scoring/scorecards shall be kept in strict accordance with Rule 3.3b of the USGA's "Scoring in Stroke Play." The scorecard has been returned when the player submits their card to an official and leaves the designated scoring area. Only officials and participating players are permitted in the designated scoring area. Note: Player may consult with designated coaches without undue delay until they submit their scorecard. Coaches are not allowed in the scoring tents. A daily team score is computed by totaling the lowest scores of four of the five team members. The final team score is determined by totaling each daily score. If scorecards are collected by a team's coach for the purpose of returning to the Committee, scorecards are considered final when the coach turns scorecards into the Committee.
16. Scoring - The player's score is kept on his or her scorecard by the marker who is identified by the Committee or chosen by the player in a way approved by the Committee. The player must use the same marker for the entire round unless a change is approved by the Committee either before or after it happens. After each hole, the marker should confirm the number of strokes and penalty strokes the player took on the hole and enter the score on the player's scorecard. When the round has ended, the marker must certify the hole scores on the players' scorecard and sign the scorecard. The player should then carefully check the hole scores entered by the marker and raise any issues with the Committee. The player must make sure the marker certifies the hole scores on the scorecard. The player must not make any changes to a hole score except with the markers' agreement or the Committees approval. The player must certify the hole scores, sign the scorecard, and promptly return it to the Committee after which a player must not change the scorecard. If a player breaches any of these requirements, he/she will be disqualified.
17. Scoring Procedures - The paper scorecard will be signed by all players in the group and turned into the scoring table after the event and will serve as the official scorecard for the event.

The hole-by-hole scoring process:

 1. Each athlete will serve as the marker for their pairing partner.
 2. At the end of each hole, the marker should enter the score on the app and on the paper scorecard. This process should take place before the pairing tees off on the next hole. If there is a discrepancy in the score for that hole, the pairing should resolve the issue before teeing off on the next hole.

Attesting the scorecard at the end of the round

After the round, the group will compare the digital scorecard with the paper scorecard. If there is a discrepancy between the digital scorecard and the paper, the pairing will have to agree with what the score should be for that hole. After consensus is reached, the marker will change the digital score and then the players can attest the scorecard. If the marker is unable to go back and amend the score, the meet manager at the score table will make the adjustment, and the player and marker can then attest the scorecard. If the two cards match, the players will digitally attest the scorecard and then sign the paper scorecard (both the player and marker will sign each scorecard) and turn in the paper cards to the scoring table.
18. Tie-Break Procedures Individual and Team Tie-breaking Procedures Teams:

Ties shall be broken during a sudden-death playoff counting low four scores. If there are two or more teams involved in a playoff, the shotgun format listed below will be used.
