

PROCEDURES FOR REQUESTING AN EXCEPTION TO ELIGIBILITY RULES AND POLICIES

I. GENERAL ELIGIBILITY REQUIREMENTS

To be eligible to participate at an OSSAA member school in athletic events a student must:

- A. Be legally enrolled in a secondary school grade level at a member school in courses, activities, or alternative programs in which credits are being earned, and appropriate academic progress is being made toward graduation consistent with the requirements of the school and the State Department of Education.
- B. Have on file with the school a ***Student Record Form*** completed at the time the student first enrolled in 7th grade. A ***Student Record Form*** should be completed prior to participation each year after entering 7th grade.
- C. Undergo an annual physical examination and have on file with the school a signed physical examination certificate or form as set forth by OSSAA Rule 1.
- D. Have concussion management paperwork completed and on file with the school.
- E. Have on file with the school a signed parental consent form as set forth in Rule 1.
- F. Comply with the attendance policies of the school district the student is attending.
- G. Comply with the minimum academic performance requirements as set forth in Rule 3.
- H. Comply with the standards for student conduct as set forth in Rule 4.
- I. Comply with the standards for maintaining amateur status as set forth in Rule 5.
- J. Comply with the Age Rule as set forth in Rule 1.
- K. Comply with the period of participation limits as set forth in Rule 7.
- L. Comply with all applicable laws and the Rules and Policies of the Association concerning participation, sportsmanship and conduct in connection with interscholastic athletics.

II. GENERAL GUIDELINES

A student must be in compliance with the following age restrictions to be considered for eligibility for participation at any level in OSSAA sanctioned activities:

AGE RESTRICTIONS:

Prior to September 1: (Rule 1)

- Any student reaching 14 years of age prior to September 1, will not be eligible to participate in athletic activities at the seventh-grade level or below.
- Any student reaching 15 years of age prior to September 1, will not be eligible to participate in athletic activities at the eighth-grade level or below.
- Any student reaching 16 years of age prior to September 1, will not be eligible to participate in athletic activities at the ninth-grade level or below.
- Any student reaching 19 years of age will not be eligible to participate in athletic activities at any level.
- In non-athletic activities, any student reaching 21 years of age prior to September 1 will not be eligible for participation.

ACADEMIC REQUIREMENTS (Rule 3)

- A student enrolled in 7th through 11th grade must pass all courses each week to maintain academic eligibility during the semester.
- A student enrolled in 7th through 11th grade must pass five courses that count toward graduation the previous semester to maintain eligibility for the succeeding semester.
- A student enrolled in 12th grade must pass all courses required for graduation each week to maintain academic eligibility during the semester.
- A student enrolled in 12th grade must pass all courses required for graduation the previous semester to maintain eligibility for the succeeding semester.

NUMBER OF SEMESTERS PERMITTED FOR PARTICIPATION (Rule 7)

- Students are permitted to participate in 7th grade and the next consecutive 5 years. A student repeating 7th or 8th grade is not permitted to participate during the repeat period, even if the student did not participate the first time the student was in 7th or 8th grade.
- Once the student has entered the 9th grade (15 days of attendance counts as one semester), the student is permitted 4 consecutive years of participation.

III. IMPACT OF CHANGING SCHOOLS AFTER ELIGIBILITY IS ESTABLISHED

A ***Student Record Form*** must be completed for any student who has transferred or changed schools, and for all students participating in activities prior to each school year. The student must have provided an official transcript from the school

previously attended and be lawfully enrolled to participate in athletics at a school within a member school district or at a member non-public school.

The student is not permitted to participate if the student was ineligible, or threatened with ineligibility, at the time that the student transferred or changed schools.

If the student has transferred or changed schools after the first day of attendance for that school year, the student is not permitted to participate in athletics for at least fifteen (15) calendar days after the student's first full date of attendance at the school, to allow time for required forms to be completed and for eligibility to be determined. The 15-day period will begin after the student has attended the first full day of classes at the new school.

A student in the seventh or eighth grade remains eligible for junior high athletics after a transfer or change of schools provided:

1. The student is not repeating all or any part of the seventh or eighth grade.
2. The student has not been influenced to transfer or change schools for athletic purposes in violation of OSSAA Rule 9.
3. A Changing Schools Form has been completed between the two schools prior to allowing participation.

After completing the eighth grade, a student may transfer or change schools and establish athletic eligibility for grades nine through twelve. A student establishes athletic eligibility when the student first participates in interscholastic athletics at the ninth-grade level or above.

The student is not eligible if the student has been influenced to transfer or change schools for athletic purposes in violation of OSSAA Rule 9. The student's eligibility for grades nine through twelve may also be affected if the student repeated all or any part of the seventh or eighth grade. The receiving school must review the student's records and determine if those records disclose any repeat period.

A student who transfers or changes schools in grades nine through twelve after establishing athletic eligibility by first participation is ineligible to participate in varsity athletics during the student's first full year of attendance unless the student has obtained a waiver to allow for participation.

If a new student falls under one of the following categories, you should check further into that student's eligibility:

1. Is living with someone other than the person(s) they lived with last year (Even if new person is a parent)
2. Entered your school after the semester had officially begun.
3. Another residence is being maintained in a separate school district or designated geographic area.
4. Answers yes to questions(s) on the *Student Record Form*.

IV. APPLICATION FOR EXCEPTION FROM INELIGIBILITY

The OSSAA recognizes that some students may choose a particular school at which they are ineligible under Rule 8, and therefore provides for the granting of exceptions that would allow a student who would otherwise be ineligible to participate without delay if the student can be shown to meet established criteria.

By submitting an application for an exception to Rule 8, the school and the student on whose behalf the application is submitted, and the parents, current custodial parent, or court appointed guardian with legal custody of the student, acknowledge and agree that the application shall be reviewed and evaluated by the OSSAA's Executive Director and staff, that the Executive Director or staff designee is authorized to conduct any further investigation or to request any supplementation of the application or supporting materials deemed necessary to the evaluation of the application, that the application shall be evaluated using the criteria set forth in this manual, and that the determination of the Executive Director or designated Staff member shall be transmitted, in writing, to the principal or administrative head of the school submitting the application.

OSSAA forms for applying for an exception are located on the OSSAA website under the ***Eligibility link***. Before completing this application, the person(s) completing the form must identify the criteria that would support granting a waiver. Documentation demonstrating how or why the student's circumstances fall within those criteria must be gathered and submitted with the application.

Hardship waiver requests that have been denied by OSSAA Staff can be appealed to the intermediate appeals panel, as provided in OSSAA Rule 20, Section 3. An appeal denied by the intermediate appeals panel may be appealed to OSSAA's Board of Directors at their next regularly scheduled Board Meeting. A ~~\$100.00~~ fee to cover administrative costs of an appeal to OSSAA's Board of Directors must be received by school check, cashier's check, or money order no less than 3 business days prior to the Board meeting. If monies are not received 3 business days prior to the meeting, the appeal will not be put on the Board agenda.

V. INSTRUCTIONS FOR FILING AN EXCEPTION

Forms for filing an exception can be found on the **Eligibility link** at OSSAA.com, under the link *FORMS FOR FILING A WAIVER REQUEST*.

- A. Make certain you have current forms and destroy all other hardship forms.
- B. Complete the appropriate **Request for Exception Form** and the **Student Record Form** in the student's presence, and preferably in the presence of the student's parents, or custodial parent or court-appointed guardian with legal custody of the student, so that the information provided is correct.
- C. Determine if the student meets either of the hardship criteria before submitting the request.
- D. For a student changing schools after establishing eligibility for grades nine through twelve:
 - **Wait** until the student is a legal student enrolled in your school before applying;
 - Complete The **Student Record Form** at the time of enrollment;
 - Contact the school last attended and request the **Sending School Form** to be completed and returned to the new school;
 - All requests for an exception to the eligibility rules must include the **Eligibility Exception Form**, the **Student Record Form**, **Sending School Form**, and the **Changing School Form** as well as all supporting documentation.
- F. Allow a minimum of 15 days for a decision on the request after all required documentation has been received by the OSSAA.

VI. CIRCUMSTANCES CONSIDERED FOR EXCEPTION

1. A student who has established athletic eligibility at a member or non-member school may apply for an exception to Rule 8 provided:
 - a. The student has not changed schools since entering the 9th grade while residing in the same residence and participated at any level at more than one school;
 - b. The student continues to reside with the parent and or guardian;
 - c. The new school can provide documentation that the student was either approved for enrollment at the receiving (new) school or placed on a waiting list at the receiving (new) school on or before July 15.
 - i. When a student is placed on a waiting list and later is notified of the transfer approval and once the student is legally enrolled in the school, the application for the exception can be submitted.
 - ii. When a student is notified of the transfer being approved and subsequently decides not to transfer at that time, the student will not be considered for an exception to Rule 8.
 - iii. When a student is notified of the transfer being approved and the student has already participated in an activity during the current school year, the student will not be permitted to participate in the same activity at another school.

IN ADDITION TO ALL REQUIRED FORMS THE REQUIRED DOCUMENTATION SHALL INCLUDE:

Documentation verifying the student has not attended and participated at more than two schools since entering 9th grade. (Example: transcript)

Documentation verifying the student was either approved to enroll or placed on a waiting list on or before July 15.

Participation defined: Rule 7-2—A student shall be considered to have participated when the student has appeared in uniform at an interscholastic contest, including an interschool scrimmage, regardless of whether the student physically participates during the contest.

2. A circumstance which compelled a change of schools.

IN ADDITION TO ALL REQUIRED FORMS THE REQUIRED DOCUMENTATION SHALL INCLUDE:

Documentation verifying the relevant facts and explaining the impact on the student. Consideration will be given only if special circumstances compel a change of schools. Exceptions will be a rarity.

The Request submitted must indicate which of the above criteria apply to the student, explain why the criteria is applicable, and identify material or information submitted in support for the request.

A hardship request should NOT be submitted if the *Sending School Form* received from the student's former school, or any other reliable information, indicates:

- the student was barred from participating or otherwise was ineligible at the time of departure from the prior school, in which case the ineligibility issue at the prior school must be resolved before a request is submitted; if there is a question about whether the student was ineligible at the prior school, then the student's current school may contact the OSSAA;

- the student was encouraged to transfer or select a school in violation of OSSAA Rule 9, in which case the current school must investigate further and be able to provide a written report concerning its investigation when and if a hardship request is submitted;
- the student transferred due to discontentment with coaches or other personnel at the school at which eligibility was already established;
- the student or a parent, or custodial parent or court appointed guardian with legal custody of the student, has knowingly given an incorrect residence address or any other incorrect information that would be relevant to a determination of the request.

When a request is submitted without the records or materials necessary to evaluate whether the identified criteria are met, then the request will be rejected without further review.

VII. STUDENTS INDEPENDENT OF PARENT OR GUARDIAN

- A. OSSAA Rule 8 provides that, to be eligible for athletics, a student must be residing with the student's parents, or custodial parent, or court-appointed guardian with legal custody of the student. OSSAA recognizes, however, that due to circumstances beyond their control, some students have been residing for extended periods with adult family members or adult friends of the family who are not a parent or court-appointed guardian, and that, in some instances, the adult family member or adult friend has never been formally appointed as guardian by a court. OSSAA has concluded that an exception allowing athletic eligibility should be recognized in certain circumstances even though the student is not currently residing with a parent or a court-appointed guardian.

When a member school determines that a student wants to participate in interscholastic athletics at the school, and the student is not currently residing with one or both of the student's parents or with a court-appointed guardian with legal custody of the student, but is instead residing with another adult family member or with an adult friend of the family, the school may nevertheless permit the student to participate in athletics at the school if:

- (a) the school verifies that the student has been residing with a responsible adult family member or adult friend of the family for one year or more prior to the student's first attendance at the school;
- (b) the school has verified that the student has been lawfully enrolled at the school, and the ***Request for Exception Form*** for the student has been reviewed and signed by the responsible adult with whom the student has been residing;
- (c) the school has confirmed that the student is not residing with another adult family member or adult friend of the family for the purpose of establishing athletic eligibility away from the student's parents or the student's custodial parent, and
- (d) the student otherwise is eligible under all other applicable OSSAA eligibility rules and policies.

- B. OSSAA additionally recognizes that a high school student who has reached the age of eighteen may choose to reside apart from the responsible adult(s) with whom the student previously had been residing when the student's athletic eligibility was established. Generally, a student in that circumstance is still considered to be eligible at the school or within the public school district at which athletic eligibility was established, even if the student chooses to reside in a different public school district or the designated geographic area for a different non-public member school. If the student then moves to a different school, the student would be required to sit out of varsity athletics for one year from the student's date of first attendance following the change of schools.

If the student in this circumstance can establish that the change of schools was due to an unavoidable hardship beyond the student's control, then an exception allowing immediate varsity athletic eligibility may be, consistent with the procedures and criteria stated in the OSSAA Hardship Waiver Manual.

An exception due to hardship will only be permitted if the school can demonstrate that:

- (a) the student is lawfully enrolled at the school, the ***Student Record Form*** for the student has been reviewed and signed by the student, and the ***Sending School Form*** and other appropriate documentation has been completed;
- (b) the change of schools was compelled;
- (c) the student has reached the age of eighteen, and is financially independent and residing without any financial assistance from the responsible adults(s) with whom the student previously was residing;
- (d) the student is not residing apart from the responsible adults(s) with whom the student previously was residing for the purpose of establishing athletic eligibility away from the student's previous school;
- (e) the student otherwise is eligible in all other applicable OSSAA eligibility rules and policies.

VIII. EXCEPTIONS FOR OVER-AGED STUDENTS

A. Criteria that may be considered

The circumstances in which a student may be permitted to participate in athletics beyond the age limitations established under Rule 1 are very limited. The same criteria applied to hardship waiver requests made after a transfer of schools do not apply to requests to participate in athletics once a student's age exceeds the limits under Rule 1.

A waiver or exception to Rule 1 age limits is only granted upon proof that the student was delayed from starting school or was held back from advancing from one grade level to the next, by circumstances beyond the control of the student and the student's parents (or custodial parent or legally appointed guardian). Even if a student qualifies for a waiver or exception to the age limitation, the student may not be permitted to participate in a particular activity if, in view of the student's size and development, the student's participation presents an obvious danger to other participants.

Any application for a waiver or an exception to the age limitations must be accompanied by appropriate and credible documentation detailing the circumstances that prevented the student from beginning school at the expected age or which prevented or significantly delayed the student from advancing academically. Documentation could include testing results, medical records, doctor's reports, counselor's reports, individualized education plans, and school transcripts. Submission of a written summary describing the circumstances that prevented the student from advancing academically, without any adequate supporting documentation, is not sufficient to grant an exception.

Forms for an Overage Hardship Application can be found on the eligibility link at OSSAA.com, under the link *FORMS FOR FILING A WAIVER REQUEST FOR OVERAGE/ADDITIONAL SEMESTERS*.

B. Factors That Will Not Permit Exceptions for Over-Age Participation

1. The student repeated a grade after beginning the ninth grade, unless that failure to make normal academic progress is shown to have been the result of the school's failure to provide or to properly place the student in appropriate special education classes, or to a serious injury or illness, or to difficulties transitioning from a foreign language to instruction primarily in English.
2. If the student's size and development is such that he/she could be an obvious danger to other participants.
3. The student is twenty years of age, or if the student is at the ninth-grade level or below, the student is seventeen years of age.

IX. EXCEPTION FOR ADDITIONAL PERIOD OF PARTICIPATION

A. Criteria That May Be Considered to Permit Additional Periods of Participation

The circumstances in which a student may be permitted another semester or year of participation in athletics beyond the periods permitted under Rule 7 are very limited. OSSAA member schools have concluded that allowing a "medical redshirt" period for a student who is prevented from participating in athletics due to illness or injury but is able to complete academic work necessary to advance to the next grade level and progress normally toward graduation, is not appropriate and consistent with the objectives of the Association. In addition, the same criteria applied to hardship waiver requests made after a transfer of schools do not apply to requests for an additional semester or year of participation in athletics.

After beginning the seventh grade, a student generally is limited to participating in athletics during that school year and the five school years that follow consecutively after that school year. A student also is limited generally to participating in athletics in the ninth grade or below during three consecutive school years once that student begins attending the seventh grade. After beginning the ninth grade, a student generally is limited to participating in athletics during that school year and the three school years that follow consecutively after that school year. These limitations apply even if the student does not actually participate in athletics during any school year or semester.

If a student repeats all or a portion of the seventh or eighth grade and, in compliance with Rule 7, does not participate in athletics during that repeat period, then that repeat period is not counted against the six consecutive school years in which athletic participation is allowed. If a student participates in athletics while repeating all or any portion of the seventh or eighth grades, then that period of participation is counted against the total of three consecutive school years in which a student is permitted to participate in athletics at the ninth grade or below, and against the overall total of six consecutive school years in which athletic participation is allowed.

If a student repeats all or a portion of the ninth grade or a higher grade level, the student may only participate in athletic competition open to students at the ninth grade level and above during that repeat period, and may not participate in athletic activities limited to students in the ninth grade or below. This repeat period is counted against the total of four consecutive years in which a student is permitted to participate in athletic competition open to students in the ninth-grade level and above, and against the overall total of six consecutive school years in which athletic participation is

allowed. This repeat period is counted toward these totals regardless of whether or not the student participates in athletics during the repeat period.

After the student has begun the ninth grade, an exception allowing a student the opportunity to participate in athletics in an additional semester or school year may only be granted upon sufficient proof that circumstances arose beyond the control of the student and the student's parents (or custodial parent or court-appointed guardian with legal custody of the student), such as a serious and debilitating injury or illness, which prevented the student from completing academic work necessary to advance to the next grade level and make normal progress toward graduation. An injury or illness that merely prevented athletic participation but did not prevent the student from completing academic work, would not be sufficient to allow an exception.

Applications for this exception must be accompanied by appropriate and credible documentation detailing the circumstances that prevented the student from advancing academically, such as medical records, doctor's reports, counselor's reports, and documentation detailing the student's academic progress and athletic participation to date, including school transcript and schedules. Submission of a written summary describing the circumstances that prevented the student from advancing academically, without any adequate supporting documentation, is not sufficient to grant an exception.

B. Factors That Will Not Permit Additional Period of Participation

- If a student repeated all or a portion of a grade after making average or above average grades.
- If a student participated in athletic competition during a repeat period.
- If a student already had the opportunity to participate in an interscholastic sport at the ninth-grade level or above during four different school years.

Forms for an additional year of participation can be found on the eligibility link at OSSAA.com, under the link *FORMS FOR FILING A WAIVER REQUEST FOR OVERAGE/ADDITIONAL SEMESTERS*.

X. RULE 24 – COACHES AND PLAYERS LINKED

A student athlete changing from one school to another, after establishing at the ninth grade or above shall be ruled ineligible for varsity participation for one year if it is proven that:

1. A coach of the receiving school coached an out-of-school team on which the athlete played prior to the transfer OR
2. The coach at the receiving school acted as a private athletic instructor for the athlete changing schools, regardless of whether the coach was paid for his or her service and/or expertise OR
3. The student participated in a sports camp or clinic run by a member school and/or its coach(es) OR
4. The player who played for a coach at one school (member or non-member) and subsequently (within a 12-month period) followed the coach when he/she moved to a member school or changed schools within the membership. (not applicable for the coach's children).

XI. EXCEPTIONS PERMITTING NON-VARSITY PARTICIPATION

- A. OSSAA recognizes that many member schools participate in competition limited to freshmen or junior varsity participants and those permitting transfer students in grades 9-12 to participate in such non-varsity competition in some instances would not cause competitive imbalances or subject those students to risk of exploitation for athletic purposes. If the student's former and current schools both approve in writing by completing the ***Changing Schools Form*** then the student after attending the new school for 15 full days, may be permitted to participate in non-varsity competition. The 15-day period will begin after the student has attended the first full day of classes at the new school.
- B. After one year from the student's date of first attendance, the student would then be eligible for varsity competition under OSSAA Rule 8, provided the student was eligible under all other Rules.
- C. Approval on non-varsity participation is not effective until the receiving school has received the signed documentation and placed with the student's permanent records. If any issue has been raised about the student having been influenced to transfer for athletic purposes in violation of OSSAA Rule 9, the written approval should not be given. The student's former school or new school must investigate the issue, and the student should not be permitted to participate in non-varsity competition. Any evidence gathered in the investigation by the schools must be submitted to OSSAA, and if immediate eligibility for non-varsity competition is still sought, a written request for exception must be submitted on behalf of the student. A student transferring after the first day of classes will not be eligible until the above requirements have been met, the Changing Schools/Athletic Participation Form has been completed and student has satisfied the mandatory 15 calendar day sit out period.

GUIDE FOR SUBMITTING A HARDSHIP WAIVER

- 1) Meet with student and student's family to discuss waiver process and criteria
 - a) Criteria 1 - One time change of schools
 - b) Criteria 2 - A circumstance that compelled a change of schools
 - c) Overage or Additional Semesters

CRITERIA 1—FIRST TIME CHANGE OF SCHOOLS

- 1) Gather Documentation
 - a) Transfer Students
 - i. Screenshot of the OSDE portal showing the student submitted a transfer request on or before July 15th (a document with a handwritten date will not be accepted)
 - ii. Sending School Form
 - b) Return to District of Residence
 - i. Copy of Student's Enrollment Form
 - ii. Must be dated on or before July 15th
 - iii. Sending School Form
- 2) Fill out Online Hardship Application
 - a) Answer all questions
Incomplete Applications will result in the waiver being denied
 - b) Submit all Documentation
Missing Documentation will result in the waiver being denied

CRITERIA 2—A COMPELLING CIRCUMSTANCE FOR A CHANGE OF SCHOOLS

- 1) Gather all documentation needed to show the circumstances that compelled the student to change schools
- 2) Fill out Online Hardship Application
 - a) Answer all questions
 - i) Incomplete Applications will result in the waiver being denied
 - b) Submit all Documentation
 - i) Missing Documentation will result in the waiver not being processed

OVERAGE OR ADDITIONAL SEMESTERS PROCESS

- 1) Gather all documentation needed
 - 2) Fill out Online Hardship Application
 - a) Answer all questions
Incomplete Applications will result in the waiver being denied
 - b) Submit all Documentation
Missing Documentation will result in the waiver being denied
- **In all cases, allow 15 days AFTER all hardship waiver information has been received****

XII. ELIGIBILITY FOR FOREIGN EXCHANGE AND INTERNATIONAL STUDENTS**A. Foreign Exchange Students**

1. A foreign exchange student is an international student who attends high school in the United States. To be eligible for interscholastic athletics such students must be under the auspices of and be placed with a United States host family by an international student exchange program that has been accepted for listing by the Council on Standards for International Educational Travel (CSIET) and is recognized by the U.S. Department of State. The foreign exchange program must assign students to host families by a method that ensures that no student, or his/her parents, school or other interested party may influence the assignment for athletic or other purposes. The foreign exchange student may not be selected or placed on any basis related to his/her athletic interests or abilities.
2. A foreign exchange student is considered to be placed with a host family when written notice of placement is provided by the exchange organization to the student and his/her parents, and to the host family.
 - a. Neither the school the student attends nor any person associated with the school shall have input into the selection of the student.
 - b. No member of the school's coaching staff, paid or voluntary, shall serve as the host family.

3. The foreign exchange student must possess a current J-1 visa, issued by the U.S. State Department.
 4. To apply for eligibility for a Foreign Exchange Student, print out the forms from the Eligibility link at OSSAA.com, *Foreign/International Student Registration*. The CSIET Advisory List as well as the instructions sheet for filing the request can also be found on the Eligibility page of OSSAA.com. The foreign exchange student must comply with all eligibility requirements set forth by Oklahoma Secondary School Activities Association.
 - a. The Registration Form must be completed and returned to the OSSAA office.
 - b. The Age Rule must be satisfied.
 - c. The student could not have been in high school more than three previous years.
 - d. The student has not graduated.
 - e. An approved student will not be eligible for more than 365 days.
 - f. The student must be eligible academically and meet all other regulations concerning eligibility of the OSSAA.
- B. Other International Students
- An international student who is not under the auspices of and placed by a CSIET listed exchange program must meet the following requirements in order to be considered for interscholastic athletics eligibility:
1. The student must possess a current F-1 visa, issued by the U.S. Immigration and Naturalization Service.
 2. The student must provide to the principal of the school he/she attends an official untranslated transcript and a transcript that is translated into English, by an acceptable agent or agency, which indicated work taken in all grades in which the student was enrolled.
 3. The international student must pay tuition to the high school he/she attends as prescribed in Section 625 of U.S. Public Law 104-208.
 4. No member of the school's coaching staff, paid or voluntary, shall serve as the resident family for the student. The student must request and receive a written exception allowing participation from the OSSAA office. To receive a written exception, the school and the student must demonstrate that:
 - a. the student has come to the United States primarily for the purpose of completing secondary school-level education;
 - b. the student was not assisted with travel expenses, and is not receiving assistance with school-related and living expenses, from any organization or non-family member by reason of the student's athletic skills, experience or interests;
 - c. the student's placement with a resident or host family were not influenced or based on athletic considerations;
 - d. the student otherwise is eligible under all other OSSAA rules relating to academics, age, periods of participation, attendance, conduct, and amateur status.

Generally, the student also is expected to attend school in the public school district, or at a non-public school in the designated geographic area, in which the resident or host family are residing, or at the same school attended by the secondary school-age children of the resident or host family. If the student is attending a different school, then the school and the student need to demonstrate that attendance at the school was necessary due to the student's particular academic needs, and not because of the student's athletic skills, experience or interests.
