

Hello everyone,

We're excited to share an important update for scholastic esports across Oklahoma. **PlayVS**, **OKSE**, and **OSSAA** have formalized a three-way partnership that strengthens the structure, oversight, and long-term sustainability of esports programs statewide.

Under this partnership:

- **PlayVS** will serve as the official esports competition platform for **OSSAA-sanctioned** and **OKSE-supported** scholastic esports activities.
- **OKSE** will act as the official advisory body, providing program development support, community engagement, and operational guidance.
- **OSSAA** will serve as the sponsoring state association, offering regulatory oversight, sanctioning authority, and official recognition for scholastic esports titles and events.

This collaboration represents a major win for students, coaches, and school communities. It establishes a unified framework for competition, elevates the legitimacy of scholastic esports statewide, and creates a clearer developmental pathway for schools looking to grow or begin esports programs. By aligning platform operations, advisory leadership, and state-level sanctioning, Oklahoma is setting a new standard for how scholastic esports can be supported at scale.

What's next? To kick off this exciting 3-way partnership, we will be hosting a **three-way partnered Oklahoma OSSAA X OKSE X PlayVS Rocket League league for Spring 2026!** This will be a **3v3 format**, with matches held on **Thursdays at 4 PM**.

Schedule:

- **Weeks of 1/26/2026 & 2/2/2026** – Preseason
- **Weeks of 2/9/2026 – 3/30/2026** – Regular Season
- **Weeks of 4/6/2026 & 4/13/2026** – Playoffs
- **Weeks of 4/20/2026 & 4/27/2026** – Championships

More details on registration and match logistics will follow soon. We can't wait to see students and teams compete in this exciting new season!
