February 7, 2026

On behalf of the Oklahoma Officials Association (OOA), we would like to express our full support and endorsement of the Oklahoma Secondary Schools Activities Association (OSSAA) in their continued efforts to serve Oklahoma's secondary schools and support the student-athletes who participate in extracurricular activities.

The OSSAA plays a vital role in providing fair and consistent guidelines for the organization of sports and other student activities across the state. We, as officials, recognize the value of their leadership, and we stand behind their mission to foster competition, integrity, and sportsmanship in every event.

As the governing body for high school activities, OSSAA ensures that schools, athletes, and officials adhere to the highest standards of conduct and competition. We at the OOA are proud to work alongside OSSAA to ensure that student-athletes have the best possible experience, one that promotes both academic achievement and athletic excellence.

The OOA remains committed to working collaboratively with the OSSAA to maintain and improve the integrity of high school sports across the state, and we will continue to support their important work in every way we can.

Shawn Houk  
President  
Oklahoma Officials Association
